Dear Mr. Massie:

We are in receipt of your request for public information dated November 5, 2017. You have requested all IRS Form 990s or other forms that we are required to file annually with the IRS for the past 5 years. For the past 5 years Signature Health had been a for-profit S corporation and had not been required to file any Form 990s or other annual filings with the IRS. We therefore do not have any documents responsive to your request.

Sincerely,

Jonathan Lee,  
President and CEO  
Signature Health, Inc.
