Well I suppose we need to compare that date to work on the spreadsheet he produced and then invoice dates once we get them. He did give us a bit of timeline in his detailed accounting:
<https://myneighborsandme.files.wordpress.com/2019/03/rantals-project-costs-to-210000.pdf>. I need to find out when the permit for the property was done. They approved the 150K in March 2018. They came didn't come back until October. I guess we won't know until we get copies of invoices. I suppose we need to do a timeline of sorts for this thing.

Hi Brian,

Lake county land bank had a dye test done by the city of Willowick on 6-12-18 and the property side failed. Property address is 557 East 305 St.

Thanks
