

LAKETRAN
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2017 and 2016

NOTE 1: ORGANIZATION

Laketran was formed as the public agency responsible for public transportation in Lake County. Laketran is a political subdivision of the State of Ohio and was organized as a regional transit authority in accordance with the provisions of the Ohio Revised Code Sections 306.30 through 306.71, inclusive. Therefore, Laketran is not subject to federal, state, or local income taxes.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Summary of Significant Accounting Policies

The financial statements of Laketran have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The more significant of Laketran's accounting policies are described below.

Financial Reporting Entity

For financial reporting purposes, all departments and operations for which Laketran is financially accountable are included in the reporting entity. Financial accountability was evaluated based on consideration of financial interdependency, appointment of voting majority, and imposition of will. No governmental units other than Laketran itself are included in the reporting entity. There are no component units based on the consideration above.

Under the current GASB guidelines, Laketran is a jointly governed organization. All nine members of its Board are appointed by the Lake County Board of Commissioners. The Lake County Board of Commissioners did not provide any support or have any significant financial transactions with Laketran during 2017 or 2016.

Basis of Presentation

Laketran's basic financial statements consist of a statement of net position, a statement of revenues, expenses and changes in net position, and a statement of cash flows.

Laketran uses a single enterprise fund to maintain its financial records on an accrual basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts.

Enterprise fund reporting focuses on the determination of the change in net position, financial position, and cash flows. An enterprise fund may be used to account for any activity for which a fee is charged to external users for goods and services.
