Jason,

Saw Jerry for a minute yesterday after the meeting. I'm wondering if we can schedule time to discuss the 1%? We have projects that are tied to this as well as this impacts our overall 2019 budget.

Thanks for the help/

Scott...I am happy to meet. That said, I will need guidance from the Board on the allocation...what is your order date for the marketing?

Great.

I was just speaking with Amy when I received this note... are you referring to the VB Board? If so, I will draft a document for the Board to sign and forward. Our next Board meeting is Tuesday morning so I can bring over after if OK. Are you available the 22<sup>nd</sup> in the afternoon?

As for "marketing," we've already begun some of these initiatives. The others are on hold.

Jennifer,

February 19<sup>th</sup> at 9 is good. Thank you for making these arrangements. For our presentation, could you confirm if there is a projector and screen available? Also, our regular board meeting is scheduled for this same time, therefor, would it be feasible for the LCVB Board to use the room after to continue our monthly Board meeting? We will keep it brief.

Thank you for making these arrangements.

Dear Commissioner,

I spoke with Mr. Dockus and he said he would like to introduce a few new staff members to the Commissioners at the beginning of the meeting. He will then present a recap of accomplishments from 2018 and then the vision for 2019 as it relates specifically to the marketing campaign and digital initiatives. The final item he would like to cover is the 1%. He has some information on a memory stick that I can print out for you on Tuesday if you would like. Thank you and have a nice weekend. Glad you are feeling better.
