Hello, Josh:

You sent the following message to LFC:

*"I saw your post about Mentor Schools (Mentor, Ohio Public Schools Promoting the "Woke" Culture for Your Children) and was particularly interested in learning more about a topic. I am interested in the Ridge "diversity" program, is there a way I can find out more information or speak to the writer?"*

We received the following information from an highly informed, Ohio State School Board member:

- Tell him to read this book: <https://cynicaltheories.com/>
- Tell him to listen to this podcast: <https://www.youtube.com/watch?v=gaU6mP0phE0>
- Tell him to get familiar with this vocabulary: <https://newdiscourses.com/translations-from-the-wokish/>

Marxism is a religion. We may 'share the same vocabulary but we don't share the same dictionary'. (H/T James Lindsay)

Also, we will reach out to the Lake County community to see if we can provide additional information about the Ridge "diversity" program.

Thank you for being a concerned citizen.
