Investigative Report

Title / Subject: NARRATIVE

22-00762

On April 22nd, 2022 at approximately 1430 hours Det. Lt. Begovic, Det. Sgt Sevel, Det. Kresja and I, Ptl Fawcett #84, responded to the Willoughby-Eastlake Board of Education to meet with Catharine Beal, Public Relations Coordinator for the Willoughby-Eastlake City Schools regarding a fraud complaint.

Upon arrival, responding officers reported to a private office to meet with Catherine. Catherine stated that on March 31st, 2022 she was instructed by the Superintendent (Dr. Steve Thompson), to provide the Gmail account and password for the levy to the levy committee. Members of the committee consisted of Nick Brown and William Boxler. She advised afterward, William, the liaison for the levy committee, accessed the district's administrative account for PowerSchool utilizing her password.

Catherine advised that on April 5th, 2022 she received a notification from Google that her account had a new login from a windows device. She noted that she thought that this was odd because her work and personal devices are all Apple products. Catherine advised that she did not think much of it at the time but later learned that on April 6th, 2022 an unknown person using IP Address 71.74.252.129 viewed seven pages on the District's Administrative Account for PowerSchool using her login information. She cited that the person had accessed this account for 41 minutes. Catherine explained that she contacted PowerSchool to obtain this information. She stated that she inquired about the seven pages viewed, however, it reportedly could not be determined by PowerSchool which pages were looked at.

Catherine continued that Dr. Thompson received a phone call from William on April 6th, 2022. Catherine stated that it was her understanding during this phone call that William informed Dr. Thompson that, when he logged into the wecontinuedexcellence account, he located several saved passwords. She reported that William expressed concern that others may have had access to this information, noting that the passwords saved have not been changed since 2012. She added that William recited Dr. Thompson's password to him. Catherine stated that she was told Dr. Thompson had difficulty understanding what William was trying to explain. She stated subsequently Dr. Thompson requested that William contact Andrea Tredent referencing this information. Catherine advised Andrea handled most of their IT concerns. Catherine chronicled that Andrea contacted William, at the request of Dr. Thompson. She said that during William and Andrea's conversation, she believed William disclosed signing into the District's Administrative Account for PowerSchool stating it was an "accident".

Catherine noted that William owns an IT company and works IT for Breckenridge. She said that before this incident, she never knew that saved passwords could be accessed through your web browser. Catherine walked officers on how William would have accessed the concealed/saved passwords. She showed us that William would have had to click on each eyeball icon to view every individual password.

Catherine added that it appeared that there was an attempt to access the Levy's Facebook account. She said that she received a phone call due to her number being tied to the 2- step verification process claiming that someone was trying to access the account. Catherine advised that when she received this phone call she began to become concerned. Catherine stated that she then reported the incident.

Catherine stated that it did not appear that any records have been altered or that any money was taken. She said she was concerned about what information could have been compromised. She stated that PowerShool contains student's FERPA (Family Educational Rights and Privacy Act information). She described this information as private and said that it could contain sensitive matter such as protection orders, current

addresses, etc.

Catherine learned that the IP Address 71.74.252.129 that was used to access the administrative account had also been used to sign into the PowerSchool for [REDACTED].

We requested to speak with Andrea, after learning that she was currently working on site. Andrea met with us. She acknowledged receiving a phone call from Dr. Thompson on April 6th, 2022. She confirmed that it appeared as though Dr. Thompson had difficulty understanding what William was trying to explain to him. She said that she cleared it with Dr. Thompson that she could speak with William directly. Andrea explained that it was not common for her to converse with a board member but after receiving consent, she spoke with William as requested. Andrea advised that William informed her that he logged into the levy committee email address and realized there was account information saved in that Gmail account. Andrea reported that William locating this information from an IT perspective was considered normal practice. Andrea stated that William indicated that he would delete the saved information but was concerned because the password hadn't been changed for a long time.

We asked Andrea if William ever mentioned accessing any accounts with the passwords located. Andrea stated that he had not. She described the conversation as very brief. Andrea emailed Det Kresja and I a typed statement, which is attached this report. Det. Lt. Begovic, Det. Sgt Sevel, Det Kresja and I, requested Catherine ask Dr. Thompson for a written statement referencing his aforementioned interaction with William.

Dr. Thompson later emailed us his statement which is also attached to this report.

On May 2nd, 2022 at approximately 1300 hours, Det Kresja and I responded to William's residence, [REDACTED] in [REDACTED]. William greeted us at the door and invited us into his residence. He escorted us to his kitchen table. William stated that he was confused and expressed that he had "no idea" why we were there to speak with him. William was advised the reason for our presence and agreed to continue to speak with us. William stated that he received access to the levy's Gmail account approximately a month ago. William said that he logged into the "wecontinuedexcellence" account and observed several saved passwords. William was asked about how many saved passwords he viewed. He replied that he was not sure but recalled viewing the passwords belonging to both Catherine and Dr. Thompson's. William stated that he was shocked to see this information. He said he was distraught and in disbelief he used Catherine's saved password to log into District's Administrative Account for PowerSchool, which was successful. I asked William why he would log into the account instead of just notifying the appropriate party of his concerns and he replied out of curiosity. William said he did not think that the password would actually work. William acknowledged that he is not authorized to have access to the district's administrative account for PowerSchool.

William denied accessing any other pages other than the opening page which he admittedly states look significantly different than a [REDACTED] account. William stated that immediately after successfully logging in to the PowerSchool account he contacted Dr. Thompson to advise him of the saved passwords. William advised that he recited Dr. Thompson's password to him during this call.

He said that he then spoke with Andrea Tredent due to Dr. Thompson's lack of understanding of the matter.

I asked William about logging into the School's Levy's Facebook page. William said he attempted to reset the

Facebook password by using the saved passwords located from the "wecontinuedexcellence" account because work need to be completed but he did not have access yet. William said that Catherine previously was in charge of the Levy page. He advised he was later granted administrative access which allow him to use the Facebook account.

William said the unauthorized access to the District's Administrative Account for PowerSchool occurred while he was at his residence in [REDACTED] from his Window's device. He added that his internet provider was [REDACTED]. IP Address 71.74.252.129 is assigned to [REDACTED]. This would be consistent with his provider. William was asked to complete a statement on his behalf to attach to this report. William advised that he would email his statement to either Det Kresja or I. He was provided business cards for both of us.

As of May 8th, 2022 I have yet to receive a statement from William.

On May 9th, 2022 prosecutors Rick Perez (Willoughby Police Department) and Laura DePledge (Eastlake Police Department) ruled that this case would not be charged criminally. The recommendation was to be made that the situation be handled administratively. Detective Kresja informed me that he would be notifying the respective parties.

REPORT STATUS: CLOSED, WPD IR# 22012223 is attached.

Catharine Beal

Catharine.beal@weschools.org

April 22, 2022

To the Willoughby and Eastlake Police Departments,

First and foremost, I would like to thank you for meeting with me regarding this matter.

I have been an employee of the Willoughby-Eastlake School District since 1985 and this is the first time (as it appears) that I am aware of that such an egregious act has been committed against me. It is with disbelief that I make this statement and explain to you that my passwords and username were not only searched for, without my consent, but also used without my knowledge or permission to log into a FERPA protected website along with additional sites.

I believe I have not only been violated, but I was taken advantage of, by another person because of my lack of expertise in technology. When it was explained to me by our technology representative that this was not typical behavior, this became even more shocking.

I greatly appreciate your assistance with this matter and determining whether or not this act warrants further action and look forward to providing you with any additional assistance.

Sincerely,

Catharine R. Beal

CATHARINE BEAL
WITNESS STATEMENT
4/22/22

2/22/22	7:00 p.m.	Zoom Meeting	Bruce Allaben, Tammy Gynn, Nick Brown, Bill Boxler (said he would attend but he did not)	
	<p>This meeting was held to discuss and transition the Willoughby-Eastlake Levy Committee from Bruce Allaben and Catharine Beal to the new committee: Nick Brown, Bill Boxler, Tammy Gynn. (Zoom Meeting)</p> <p>Prior to the meeting (not sure of the date but within one week) Steve Thompson had explained to me that Bill Boxler was going to be the Liaison for the Board of Education to serve on the new levy committee. It was explained to me (by Dr. Thompson) that Mr. Boxler and Mrs. Bair and asked Dr. Thompson to see that I turn over all levy information in my possession to the new committee. I was instructed to give them the login and information for the levy website: Supportweschools.org, the information for the bank accounts related to the levy, the email address used by the levy committee and any other pertinent information that was in my possession. It was explained to me by Dr. Thompson that the board had given him these instructions and I should comply.</p> <p>On the evening of 2/22/22, the information for the website and email address was turned over to the committee that met, via zoom. (Nick Brown, Tammy Gynn)</p>			ITEM 1

Week of 3/31/22		Phone Call	Lawrence Vittori (W—E Board Member)			
					I was called by Lawrence Vittori (board member) and asked if I would participate in a phone call for the levy. He stated that they were in need of help and guidance.	N/A
3/31/22	11:34 am	Email	Wecontinuedexcellence@gmail.com			
					I received an invitation to a virtual meeting with Mr. Boxler, Mr. Vittori, Mr. Brown	ITEM 4
3/31/22	4:10 pm	Email	Wecontinuedexcellence@gmail.com			
					I received an updated invitation to a virtual levy meeting with Mr. Boxler, Mr. Vittori, Mr. Brown	ITEM 5
3/31/22	7:00 pm	Virtual levy meeting	Mr. Boxler, Mr. Vitorri, Mr. Brown			
					Meeting focused on discussion regarding levy materials, how to do mailings, postage, signs, etc. CB stated during the call that they should have everything they need (website, email, past records for board of election reporting) and asked if they needed anything else. No other requests were made.	N/A
4/5/22	7:48 am	Email	From google to CB Personal email			
					I received an email from google stating that there had been a new login form a windows device. I had been at work the evening before and had logged into a windows device (which I received an email notification for). At first I thought that perhaps it was related to my work the night before and dismissed the email. As I went over this in my head during the day, I reviewed my actions and was relatively certain that I had logged out of the device at work. It is also shown that in fact I did log out since the last activity was on 4/4/22. Because of this, I went to my gmail account [REDACTED] and changed the password.	ITEM 6 ITEM 7 ITEM 8 ITEM 9
					The passwords that were saved on wecontinuedexcellence@gmail.com are attached as item 10.	ITEM 10

	<p>***I did not think to check the IP address at the bottom of the page in the "details" box, which I wish I had. A few days later I did contact google to find out if there was some way they could assist me to learn the IP address of this login. I did a live chat, sent an email and also had a phone help request. The result of all 3 help sessions was that they could not give me that information at that level of support.</p> <p>IF THERE IS ANY WAY POSSIBLE TO LEARN WHETHER OR NOT THIS ACCOUNT WAS COMPROMISED I WOULD GREATLY APPRECIATE THE HELP. THIS GOOGLE DRIVE CONTAINS [REDACTED]. IF IN FACT IT WAS COMPROMISED, I WILL NEED TO TAKE FURTHER ACTION WITH ALL OF OUR FINANCIAL INSTITUTIONS.</p> <p>PLEASE HELP ME WITH THIS IF YOU CAN.</p>			
4/5/22	12:08 pm		I changed my password to my gmail account	ITEM 11
4/5/22	3:35 pm		Willoughby-Eastlake Facebook Notification (This was not discovered until later in the day)	
	After receiving the evening notifications about passwords being seen (from Dr. Thompson) I began to check accounts that may have been compromised. When checking, I learned that this one had been compromised earlier in the day at 3:35 pm. The notification stated that there had been a recent login from IP address 71.74.252.129 (This account is not our currently active Facebook)			ITEM 12 ITEM 13
4/6/22	Approx. 6:00 pm	Phone call	I received a phone call from California	
	This call came to my personal phone [REDACTED] and I did not answer because I did not recognize the number.			N/A
4/6/22	Approx. 6:01 pm	Phone call	2 nd phone call from California	

			I received a second phone call from California and decided to answer the call. It was an automated message with an authentication code to log into facebook. I believe (but am not positive) this was for the second and now active district Facebook account since that is linked to my phone number. This facebook account is also linked to my work email address, Catharine.beal@weschools	N/A
4/6/22	6:53 pm	Login	My password and username were used to log into Powerschool	
			I learned this information on the next day when Andrea Tredent, the Willoughby-Eastlake Director of technology had the records sent to me from the district surrounding my passwords. It was determined that someone using the IP address 71.74.252.129 had compromised my account. There had been 7 page views over the course of 41 minutes.	ITEM 14 ITEM 15
			I have attached a screenshot of how powerschool looks when a parent logs in and also a screenshot of how it looks when an administrator logs in, which my account is an administrator account. You will see that the 2 are drastically different and can't be mistaken for each other. T	ITEM 16
			This data is provided in the document labeled item 13.	
4/6/22	7:07 pm	Text	From Dr. Thompson Dr. Thompson texted me and asked for the phone number of Andrea Tredent.	N/A
4/6/22	approx. 7:15 pm	Phone call	Dr. Thompson	
			I had a phone conversation with Dr. Thompson and he explained to me what had occurred. He stated that he did not have the technology ability to explain it but said that Mr. Boxler had called him and said he could see passwords. He told him he could see passwords for me as well as other people. He asked Dr. Thompson if [REDACTED] was familiar and Dr. Thompson said yes, that was his password. Mr. Boxler explained that it was because he had access to the accounts passed to him for his levy liaison position. Dr. Thompson was told me that he was not sure if Mr. Boxler had said it was the email address or website. I spoke with Dr. Thompson about how this had happened and how he would have obtained them. At that time, I was still not able to figure it out.	N/A
			Dr. Thompson told me that he had called Andrea Tredent and she was going to call Mr. Boxler to try to find out what had happened. Dr. Thompson also asked me to write down everything that had happened so that we could figure out	

						<p>how to secure the passwords and work with Andrea to resolve the issue. I began a spreadsheet and also shared it with Andrea so that we could document all facts. She also entered the information that she knew. This is labeled Password Record.</p> <p>I do not know what time Mr. Boxler originally called Dr. Thompson.</p>	
4/6/22	7:17 pm	Phone Call	Andrea Tredent				
						<p>I spoke with Andrea to try to find out what had happened. I explained that I had given Mr. Boxler and Mr. Brown access to the email address and levy website. I had deleted all emails and items from the google drive on the levy email address, wecontinuedexcellence@gmail.com, but had no idea that it was possible for passwords to be stored and then be compromised. I later learned that this was in fact the case. Had I known that prior to giving up this information to the Board, I would have deleted it as well. Andrea explained to me that most likely I had stored passwords without realizing it and that this was most likely what had happened. She told me to change my passwords.</p> <p>I searched the internet to attempt to figure out what had happened and began to discover how to find saved passwords in the web browser under the email account. When I did this, I found several passwords, login names and the websites associated with them. I also found out that it took several steps to “uncover” the passwords to include clicking on an icon of a closed eyeball on each one that had been saved. It became obvious to me that someone had to click on each eyeball to see what each password was, the username for each password and the URL associated with each one. I then became concerned about the email I had received the day before and checked my personal accounts so that I could see what had been saved. In my personal account, I found that in total, between all accounts, there had been more than 100 passwords at risk.</p> <p>I began to change all passwords, which took several days to complete.</p>	Items shown to polic But not given due to Passwords listed.
4/6/22	7:46 pm	Phone Call	Andrea Tredent				
						<p>I again spoke with Andrea out of concern for what I had learned. She told me that she had spoken with Mr. Boxler and he explained that he had logged into the levy email address and saw the saved account information for the previous user (me). He said he would wipe out the saved information but was concerned since others had access to the account. She also told me that I should change all passwords and tell Dr. Thompson to do the same.</p>	N/A

4/6/22	8:11 pm	email	Andrea Tredent		
	Andrea sent me the instructions to reset my work email passwords but I was not successful in trying to do that. This was changed the next morning.				N/A
4/6/22	9:05 pm	Phone call	Andrea Tredent		
	I spoke with Andrea to find out how Dr. Thompson's passwords and mine would sync. Or if that was possible. Andrea explained to me that it was only when passwords were signed in and saved. She said she did not see passwords saved when she had helped Dr. Thompson in the past. She thought it would only be his current email and active email directory. She told me she was planning to check on security breaches in the morning when she went to work.				
4/6/22	After 9:05 pm				
	<p>Along with what I had been told by Andrea, I searched the internet to attempt to figure out what had happened and began to discover how to find saved passwords in the web browser under the email account. When I did this, I found several passwords, login names and the websites associated with them. I also found out that it took several steps to "uncover" the passwords to include clicking on an icon of a closed eyeball on each one that had been saved. It became obvious to me that someone had to click on each eyeball to see what each password was, the username for each password and the URL associated with each one. I then became concerned about the email I had received the day before and checked my personal accounts so that I could see what had been saved. In my personal account, I found that in total, between all accounts, there had been more than 100 passwords at risk.</p> <p>I began to change all passwords, which took several days to complete.</p> <p>At that time, I also logged into the Facebook accounts (listed above) and learned that they had been compromised. In the private message section of this account, parents do at times, send information about their children/student.</p>				
4/6/22	11:32 pm	Email	Andrea Tredent		
	After several attempts, I had still not been successful at changing my work password and emailed Andrea to let her know.				

4/7/22	8:17 am	Email	Andrea Tredent		
	I received an email address from Andrea with instructions for a password reset for my school accounts and also the history for my powerschool account. It showed that the same IP address had been used to log into my powerschool account as had been used for the Facebook logins.				
4/7/22	8:30 am	Meeting	Andrea Tredent		
	<p>I met with Andrea and she had explained to me what had happened and how it had happened. We reviewed on my accounts on the computer in my office to see if I had properly secured my accounts moving forward. I explained that I was very upset to think that someone acting as a liaison from the Board of Education would have done that and logged in to see my passwords, especially because he owned an IT company and was an IT consultant for people in the community. She said that as an IT person she would have also checked to see if there were saved passwords, which can be seen on the first page of the security page in google security. This page, she explained will only show that a person has "x number of saved passwords." She said that at that point, a knowledgeable person sees this and if it were her, she would have contacted the person with the saved passwords. We discussed the fact that from there, you have to click to go to the saved password page and then click on each password to reveal what they are. She said she would not ever do that because it was not responsible. I believe (but I am not positive) that she talked about that fact that this was not legal, to reveal a person's passwords and then use them without their knowledge.</p> <p>I did know however, because I had spoken with an attorney, that obtaining a person's passwords without their consent and then using them without their knowledge is in fact not legal. Additionally, doing this in the workplace to an employee was not ethical or moral. I had also felt that my workplace had become an extremely uncomfortable environment because it was implied that I had been irresponsible based on Mr. Boxler's comments about his concerns that the passwords were on the internet.</p>				
4/8/22					
	I cannot remember how I learned this information but it was shared with me that the IP address used to access my work powerschool account and the Willoughby-Eastlake Facebook accounts was the same IP address that was used by the Boxler household to log into their family accounts.				
4/12/22	3:42 pm	Email	Andrea		

				Andrea sent me the copy of the updated spreadsheet "Password Record." She had updated the facts that she knew pertaining to this incident. She also sent me the documentation showing the records of the IP address that had been used to log into my accounts.	ITEM 17A TO 17D
4/19/22	11:00 am	Phone call	Dr. Thompson, Nick Ciarniello, Eric Johnson		
				I was asked to sit in on a conference call with Eric Johnson and explain what had happened. I explained all that I knew and also gave the documentation that I had to be sent to Mr. Johnson, the attorney representing the district. I explained that I felt that I had been violated as an employee and asked what my rights were. He said he had to work with the district first to figure out what they needed to do and could not assist me with that. He did ask me to leave the call and said he could not answer questions because it would be a conflict of interest to talk with me present.	
4/19/22					
				I contacted an attorney and asked them what I should do. They explained that in fact, it was my obligation to report this to the police because it was possible that student accounts had been placed in jeopardy. After that, I called Chuck Popic (Willoughby PD) to find out if he could take a report from me. This did not happen because I was asked by the Eastlake Police department to hold off until they could work with the Willoughby Police Department on this together and speak with me at the same time.

Hi All,

Went to credit union this afternoon and got put on the account. Nick should probably go up there and be added as well. She reset online access, let me know if you need to get in. New checks ordered. Let me know if there's anything else I need to do.

Excellent.

There is one check I'm waiting to clear at the Credit Union. After that clears, I will file one last Finance Report with the BOE. That way you will only need to track (and file on the next report) those contributions/expenditures which you have made since taking over the committee. This will allow for a clean transition. Hopefully all will be completed by the end of next week. Your first finance report would be due April 21st. I've attached the reporting calendar from the secretary of state. I'll be happy to assist as needed with your first filing.

Thanks again,

Bruce

WE - Beal/Boxler - 000038

I just filed The Designation of Treasurer form electronically.

On Tuesday, February 22, 2022, 07:34:46 PM EST, Bruce Allaben <allaben@me.com> wrote:

Tammy/Nick-

Thanks for taking over the committee.

Attached is the designation of treasurer form which should be filed immediately. You may want to also bring a copy of this to the WES credit union when you transfer signatory responsibility. You will want to have new checks printed with your address. I can provide online banking username/password once the transfer is complete.

The official name of the committee is:

Willoughby-Eastlake Levy Campaign

It is a ballot issue political action committee (PAC).

I also included chapter 8 of the Campaign Finance Reporting handbook. This is the section pertaining to ballot issue PACs.

Thom Seymour at the lake county board of elections is very helpful with any questions and has always been willing to assist.

Thanks again,

Bruce Allaben

Hey Catherine,

I haven't been able to receive the username and password for the supportweschools.org website from Nick yet. We're buttoning everything up. The last thing we need to do is update the website. Can you share with me the user name and password for it as well as the URL to login?

Thanks

Subject: Re: Levy Website

Hi Bill. The login for the website is the following email address: [REDACTED] and the password is [REDACTED]. To login, I google "weebly login" and click on the link.

I think we transferred the email address over to Nick in case they ask you to authenticate your login. I have copied him so that he can confirm.

The website is just a Weebly site and each time I build it out. I think it will be fairly easy for you since you are much more talented in this area than I am.

Let me know if you have any questions.

Catharine

Hi Catharine,

I hope this email finds you well!

Good day! My name is Rianne and I'll be helping you with this issue on behalf of my colleague. She is already out of office and for faster resolution, I'll be writing on her behalf.

In regards to that, I'm afraid that we don't have that kind of information. You can still check in your recent security activities and see if it will provide the IP address, but I can't guarantee it will since IP address depends on the WiFi that device was connected to.

I hope you understand. Stay safe and have a great day!

Thanks,
Rianne

3/29/22	5:40 p.m.	Email response	From CB to Nick Brown/Bill Boxler	CB was asked for information regarding login for levy website. This was sent back in reply. This email also contained information about the levy email address, wecontinuedexcellence@gmail.com	Beal
3/31/22	7:00 p.m.	Levy Meeting via	Bill Boxler Catharine Beal Nick Brown Lawrence Vittori	Meeting focused on discussion regarding levy materials, how to do mailings, postage, signs, etc. CB stated during the call that they should have everything they need (website, email, past records for board of election reporting) and asked if they needed anything else. No other requests were made.	Item #1 Beal
4/5/22	7:48 a.m.	Email	Catharine Beal	CB received an email at [REDACTED] stating there had been a new sign-in to google account from a windows device.	Item #2a, 2b, 2c Beal
4/5/22	12:08 p.m.			CB changes her gmail password	Beal
4/5/22	3:35 p.m.	District Facebook Account (Old Account)	Failed login attempt. 71.74.252.129	CB learned this later when she checked all sites on 4/6. IP address used was 71.74.252.129	Item 3a, 3b Beal
4/6/22	approx 6:00 p.m.	Phone call from Calif		CB received 2 phone calls from number in California. She answered call #2. It was a recorded message from Facebook giving a verification code for the new login.	Beal
4/6/22	6:53 PM	Login to CB Work Powerschool account	IP Address: 71.74.252.129	Login to cb Powerschool account for 41 min 42 seconds, 7 page views. CB learned of this after computer services had run the records on morning of 4/7/22. It can not be determined which pages were viewed.	Item 4 Beal/Boxler 000057

ITEM 17B

DATE	TIME	Event	Attended by:	NOTES	Reporting Person
4/6/22		Phone call	Steve Thompson/Bill Boxler	Steve Thompson received a phone call from Mr. Boxler stating the he had used a levy email or website (ST not sure which was stated) and Mr. Boxler explains that with that he can see passwords to several accounts. He asks, "is [REDACTED] familiar?"	Thompson
4/6/22	7:07 p.m.	Text	Steve Thompson/Catharine Beal	Steve Thompson contacts Catharine Beal via text for the cell number of Andrea Tredent	Beal
4/6/22	7:08 PM	Phone Call	Steve Thompson/Andrea Tredent	Steve Thompson contacts Andrea Tredent and asks her to contact Mr. Boxler in regards to the levy email address account that Catharine Beal had given Mr. Boxler access to. Mr. Boxler's phone number was texted to Andrea by Dr. Thompson at 7:11 pm	Tredent
4/6/22	7:17 PM	Phone Call	Catharine Beal/Andrea Tredent	Catharine Beal indicated that she had given the levy committee the wecontinuedexcellence email address credentials as instructed. She referenced a conversation she had with Dr. Thompson that Mr. Boxler was able to recite one of Dr. Thompson's old passwords. Andrea Tredent indicated that whenever there is concern about a password or account being compromised, that it was best practice to change your passwords.	Tredent
4/6/22	7:18:00 PM-7:23 PM	Phone Call	Andrea Tredent	Andrea contacts Bill Boxler. Mr. Boxler conveyed that he logged into the levy committee email address and realized there was account information saved in the levy committee gmail account by a previous user. Andrea Tredent made the assumption that Mr. Boxler was referring to Catharine Beal as she had led the committee in the past. Mr. Boxler indicated that he would wipe out the saved information but was concerned that since other individuals had access to the account that the saved information could be out on the internet. Andrea Tredent indicated that she would follow up with the affected users and make sure that any school account passwords were changed.	Tredent
4/6/22	7:46 PM	Phone Call/ Text	Catharine Beal/Andrea Tredent	Andrea missed a call from Catharine Beal. Andrea texted that she would call back in a few minutes.	Tredent
4/6/22	7:46:00 PM-7:56 PM	Phone Call	Andrea Tredent/Catharine Beal	Andrea called Catharine back and recounted the conversation with Mr. Boxler. She advised Catharine to change her password and to have Dr. Thompson to do the same.	Tredent
4/6/22	8:11 PM	email	Andrea Tredent/Catharine Beal	Email from Andrea Tredent to Catharine Beal with password reset instructions.	Tredent

ITEM 17C

DATE	TIME	Event	Attended by:	NOTES	Reporting Person
4/6/22	9:05 p.m.	Text	Catharine Beal/Andrea Tredent	CB contacts Andrea to learn if her passwords would sync to Steve Thompson's history. She explains only accounts that were signed in and passwords saved. She did not see the levy account as a profile on Dr. Thompson's Chrome when she had helped him login to his office computer in the past and is guessing it's only his email/active directory password.	Beal
4/6/22	evening after 9:00 p.m.		Catharine Beal	CB logs in to find out what passwords may have been used, changes all passwords, find the information about Facebook and the login attempts. Work email password is not yet changed.	Beal
4/6/22	11:32 PM	email	Catharine Beal/Andrea Tredent	Catharine emails that she was unsuccessful in resetting school account passwords.	Tredent
4/7/22	6:43 AM	text message	Andrea Tredent/Steve Thompson	Andrea Tredent texts Dr. Thompson to indicate that his email password has been reset and that the remainder of his school accounts will be reset that morning.	Tredent
4/7/22	7:30 - 8:30 AM		Andrea Tredent/Sue Costello/Dave Hiner	Andrea Tredent investigates account login information. Confirms that there is no unusual device activity for Dr. Thompson's and Catharine Beal's email addresses. Logs into School Messenger to determine there is no unusual activity and changes Dr. Thompson's and Catharine Beal's password. Andrea asks Sue Costello to pull login history for Catharine Beal's Powerschool account and change Dr. Thompson and Catharine Beal's Powerschool Password. Andrea Tredent asks Dave Hiner to reset Catharine Beal and Dr. Thompson's Active Directory/email password.	Tredent

WE - Beal/Boxler - 000059

ITEM 17D

DATE	TIME	Event	Attended by:	NOTES	Reporting Person
4/7/22	8:12 AM	email	Sue Costello/Andrea Tredent/Catharine Beal	Sue Costello emails Powerschool Login Information to Andrea Tredent. Andrea Tredent determines there is an unknown Windows login to powerschool in the login records. Andrea Tredent forwards this email and the temporary password to Catharine Beal.	Tredent
4/7/22	8:30 a.m.	Meeting	Catharine Beal/Andrea Tredent	Andrea assists CB to secure all accounts, explain what has happened and change passwords	Beal
4/7/22	10:49	Email	Andrea Tredent/Steve Thompson	Andrea emailed Dr. Thompson to indicate that there had been no unauthorized access to his school accounts and that we had changed his passwords and also communicated this with his secretary.	Tredent
4/7/22	around 11 am		Andrea Tredent	Andrea Tredent conducted further research in the Google Admin Console in reference to the unauthorized Powerschools login from the 71.74.252.129 IP address. It was determined that the only school gmail account logins from this IP address were Mr. Boxler and [REDACTED] in his household.	Item 5 Tredent
4/8/22	around 10 am	Meeting	Andrea Tredent/Steve Thompson/Charles Murphy	Andrea Tredent updated Dr. Thompson and Mr. Murphy in regards to the levy committee gmail account. Andrea Tredent indicated that there was an unauthorized login to Powerschool which accessed 7 pages on Catharine Beal's account which subsequently timed out after 41 minutes and that the only school accounts that were logged into from that IP address were Mr. Boxler and members of his household. Andrea indicated to Dr. Thompson and Mr. Murphy that, after consultation with Dave Hiner, the district's network administrator, there was no evidence of additional data or security threats at the district level and that the district passwords that may have been compromised as a result of user error have been changed and additional security measures added.	WE - Beal/Boxler_000060 Tredent
