

Board of Education Revenue Discussion November FY23

November 1, 2023

RESOURCES

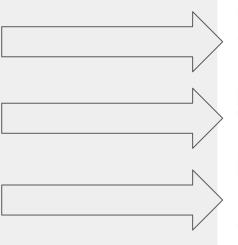

Goal: Maintain and enhance fiscal stability by focusing attention and diligence on short and long-term financial planning.

RESOURCES

Goal: Maintain and enhance fiscal stability by focusing attention and diligence on short and long-term financial planning.

Goal: Explore options for alternative revenue to maximize existing personnel, facilities, and resources.

RESOURCES

Goal: Maintain and enhance fiscal stability by focusing attention and diligence on short and long-term financial planning.

Goal: Explore options for alternative revenue to maximize existing personnel, facilities, and resources.

Goal: Ensure a continued and balanced approach toward an equitable distribution of resources to maximize opportunities across the district.

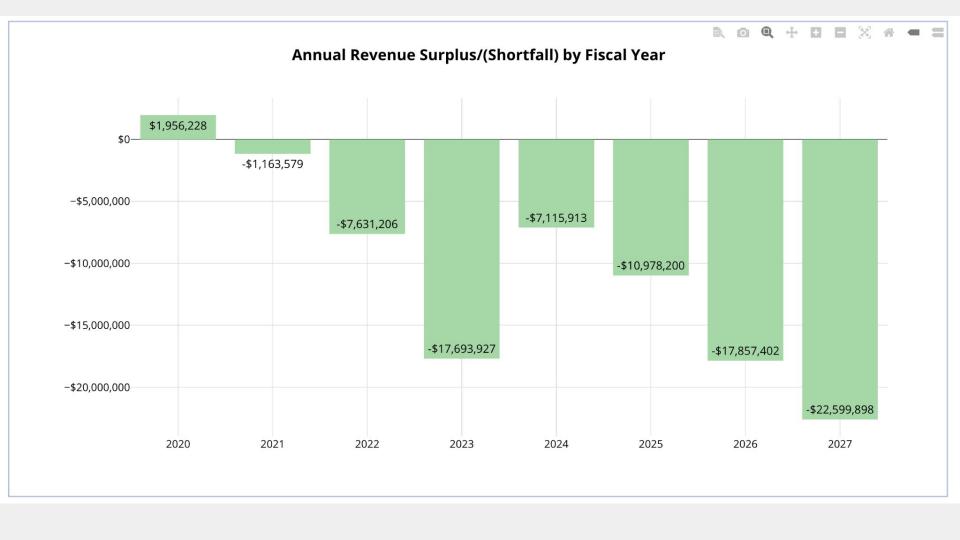

Five Fiscal Management Beliefs

- All fiscal decisions should be made in the context of the five year fiscal projections.
- There are management options attached to every dollar spent.
- Every dollar spent must add value to teaching and learning.
- Focus on aggressively managing the largest expense areas:
 - Salaries
 - Benefits
 - Special Education Facilities
- Quality is always cheaper in the long term.

10-24

General Fund Revenues, Expenditures, and Cash Balance

General Fund Operating Budget Reserve Policy 8.02.1

- Budget Reserve Fund not more than 5% of revenue of preceding fiscal year:
 - o \$5,198,236
- "Board of Education shall maintain a minimum general fund cash balance of fifteen percent (15%) of the annual total general fund expenses less the amount in the General Fund Operating Budget Reserve Fund."
 - Appropriations: \$126,321,948
 - 15% of expenses is equal to \$18,948,292
 - Less the Budget Reserve = \$13,750,056
 - Required Minimum Cash Balance

Permanent Improvement Levy Consideration

- 1-Mill Levy Passed in May of 1988
 - Collects approximately \$975,000 annually
 - Adjusted for inflation since 1988 would increase this to over \$2.1 million
 - The Carnegie Mellon University School of Architecture wrote a white paper, "Addressing Inadequate Investment in School Facility Maintenance"
 - 2% of Replacement Value
 - Replacement Value of Approximately \$250,000,000
 - Need would equate to \$5 million Annually
 - Current general fund allocation on average over the life of the forecast is approximately \$3.7 million/annually
 - Thus, spending approximately \$4.4 million annually on preventative maintenance, repairs and upgrades.

II. How quickly is the district increasing or decreasing its cash balance?

When expenditures exceed revenue the Ohio Department of Education measures the revenue shortfall relative to revenue. The coding is yellow (caution), light red (warning), red (emergency). This analysis is evaluated based upon cash balance status (III below).

Levy Health Assessment - Mentor Exempted Village School District
